---

### 1410 Call number to which field applies\*

If an institution has more than one copy the call number of a copy to which field applies is entered.

## 1415 Institution to which field applies

Name of institution to which field applies in coded form. A numerical library code should be entered.

## 1419 Inventory number to which field applies\*

The inventory number to which field applies is entered as a linkage with holdings data. If a multi-volume publication is catalogued with more inventory numbers they are separated from each other with ";".
