

## 512 COVER TITLE

This field contains the title appearing on the cover of the item when it differs sufficiently from the title proper in field 200.

### Subfields & repeatability

FIELD/SUBFIELD			REPEATABILITY
512		Cover title	r
	<b>a</b>	<i>Cover title</i>	nr
	<b>e</b>	<i>Other title information</i>	r

### Indicators

INDICATOR	VALUE	MEANING
1		<i>Title significance indicator</i>
	0	<i>Title is not significant</i>
	1	<i>Title is significant</i>
2		<i>Not defined</i>

The value of the first indicator determines the creation of added entries in systems, in which they make catalogue slips. If the value of the indicator is set to "1", an added entry for the cover title is generated.

## SUBFIELDS

---

### 512a Cover title

The title as on the cover of the item without any other title information or statement of responsibility.

---

### 512e Other title information

Subtitles and other title information that appear on the cover subordinate to the cover title in subfield a.

## NOTES ON FIELD CONTENTS

This field will be used only when the cover differs from the title proper.

## RELATED FIELDS

### 300 GENERAL NOTE

The cover title may alternatively be entered in field 300. When entering, the appropriate introductory phrase is used.
