

## 686 OTHER CLASS NUMBERS

This field contains class numbers from classification systems which are not internationally used but which are widely understood, published schemes.

### Subfields & repeatability

FIELD/SUBFIELD			REPEATABILITY
686		Other class numbers	r
	<b>a</b>	<i>Class number</i>	r
	<b>b</b>	<i>Book number</i>	r
	<b>c</b>	<i>Classification subdivision</i>	r
	<b>2</b>	<i>System code</i>	nr

### Indicators

Indicator values are not defined.

## SUBFIELDS

---

### 686a Class number

The class number taken from the classification scheme.

---

### 686b Book number

The book number applied by the assigning agency.

---

### 686c Classification subdivision

A subdivision of the class number taken from the classification scheme.

---

### 6862 System code

A code for the classification scheme used in formulating the number.
