

E.2 ENTERING INPUT PARAMETERS FOR REPORT CREATION

Define the data selection criteria in the **Enter parameters for report creation** window.

When defining parameters, make sure the invoice selection period is defined accordingly.

It is necessary to ensure consistency among the invoice date, funds defined on the invoice, and the date of accessioning in fields 997, into which the data from the invoice are entered. All three must refer to the same selected period.

E.2.1 Reports S-UF-01, S-UF-02, S-UF-05 and S-UF-06

Under the S-UF-01, S-UF-02, S-UF-05 and S-UF-06 reports, you can define the following parameters:

- "Status"
